ABOUT CRS-IC

Controlled Release Society (CRS Inc.) with over 4000 members worldwide is an international organization for the promotion and development of novel drug delivery systems, with headquarters in Minneapolis, Minnesota, USA.

The Indian Local Chapter of Controlled Release Society (CRS-IC) was established in 1994. The mission of CRS-IC is to promote development of talent and creation of intellectual wealth through R&D, at the leading edge of drug delivery science in India.

SPONSORSHIP OPPORTUNITIES

We invite you to attend and participate in India's largest gathering of drug delivery scientists!

A unique opportunity to meet and listen to the leading scientists of the world in person, to hear of the latest advances in the science of drug delivery from the inventors and innovators themselves and develop partnerships & collaborations!

Interact with energetic and enthusiastic young researchers and scholars who present their innovative ideas, often with unique protocols, for frugal product development!

Over a 100+ exciting and novel ideas and innovations, presented in poster sessions across both days!

Sponsoring at the silver jubilee event is a great opportunity for companies to network with over 300 participants: international speakers, research scholars, academia, pharma companies, excipient manufacturers and allied industry.

Sponsors will also have the opportunity to interact with the international speakers at a special dinner being organised for this purpose.

Hence, we invite you to sponsor this milestone event and support CRS-IC in its mission to create excellence in drug delivery innovation, in India, to skill India and make in India !
